

HI-CAL 6000

PRODUCT INFORMATION

HI-CAL 6000 is a high gloss vinyl with superior dimensional stability for short and long term applications, and for outdoor use for up to 7 years. This material is thermal transfer ready, has excellent weeding characteristics, and is available in many bright, vibrant colors, as well as clear.

HI-CAL 6000 is engineered to be soft and flexible, aiding in a smooth application on uneven and curved surfaces. It has a heavier (80#) liner that provides additional stability with CAS and thermal transfer printing and cutting equipment. An excellent choice for indoor/outdoor applications. Offer your clients these high gloss opaque colors for their next project.

To view HI-CAL 6000 in a wide variety of colors and widths visit www.shopGMS.com. See reverse side to view color chart.
